PROFESSIONAL SUMMARY

With a comprehensive background spanning +8 years in the software industry, I've cultivated the majority of my professional skills through hands-on experience, engaging with clients, scrutinizing processes, and innovating new technologies.

AREAS OF EXPERTISE

- NodeJS / NestJS
- Javascript
- Typescript
- HTML & CSS
- Angular (1-18)
- React / Next
- React Native
- Vue / Nuxt
- AWS
- SQL
- No-SQL
- Jest
- Bootstrap
- Material Design
- Tailwind
- Bulma
- REST APIs
- GraphQL
- Docker
- Figma

PROFESSIONAL EXPERIENCE

Full Stack Engineer, Receeve | Hamburg, Germany

April 2021 – Present

I've been instrumental in designing and developing end-to-end solutions for their event-driven platform.

Proficient in Typescript and well-versed in maintaining services and front ends.

- Led the development and deployment of multiple web applications using VueJS/Angular.
- Improved quality by 70% by implementing unit testing and automated testing.
- Improved application performance by 25% through code optimization and refactoring.
- Developed RESTful APIs and microservices using NodeJS, ExpressJS and AWS services.
- Mentored junior developers and conducted code reviews, improving code quality and knowledge sharing.

Technical Lead, Simetrica Consulting | Santo Domingo, D.R.

March 2019 – March 2021

I successfully delivered high-quality software solutions using Angular 2+ and ensured project compliance. Led projects, defined scopes, provided AWS-based architecture solutions.

- Migrated more than 20 projects from pure HTML/JQuery to Angular 2+ and React.
- Provided software and hardware architecture solutions using AWS and Azure.
- Created visual user interfaces utilizing bootstrap, material and tailwind.
- Optimized the delivery and deployment process using CI/CD practice.

Senior Developer, Simetrica Consulting | Santo Domingo, D.R. March 2018 – March 2019
I specialized in optimizing applications for speed and scalability. My role involved providing software analysis and design, and offering web application support.

- Developed using MEAN Stack technology (MongoDB, ExpressJS, Angular, NodeJS)
- Optimized applications for maximum speed and scalability.
- Analysis and design of software using Figma.
- Web application support.

Staff Developer, Simetrica Consulting | Santo Domingo, D.R. March 2017 – March 2018
I focused on the analysis and design of software, provided web application support, and specialized in web development using MEAN Stack technology

- Developed using MEAN Stack technology (MongoDB, ExpressJS, Angular, NodeJS)
- Analysis and design of software using Figma.
- Web application support.

Junior Developer, Simetrica Consulting | Santo Domingo, D.R. Nov 2016 – March 2017
I engaged in web development using MEAN Stack technology and worked as a Java developer for mobile projects.

- Developed using MEAN Stack technology (MongoDB, ExpressJS, Angular, NodeJS)
- Developed functionalities using Java for a mobile application.

Trainee Developer, Simetrica Consulting | Santo Domingo, D.R. March 2016 – Nov 2017
Maintaining database systems using Oracle and Microsoft technologies

- Developed test cases using .NET and c#.
- Created SQL queries and stored procedures.

EDUCATION -----

Software Engineering's Degree, APEC University, Santo Domingo, D.R. | 2017

Bachelor's Degree, La Milagrosa School, Santo Domingo, D.R. | 2013

CERTIFICATIONS -----

JavaScript: The Advanced Concepts, ZeroToMastery | 2024

EMERGING LEADER, INLEAD | 2018

GCOPL: GNU CERTIFIED ORACLE PLSQL, Código Libre Academy | 2015

GCOS: GNU CERTIFIED ORACLE SQL, Código Libre Academy | 2015
